For more information, read our article on [Special Pricing for CANO/ACIO Members and Students](#) and other savings opportunities.
- g. Access codes purchased under group pricing must be used within two years of the payment date.

2. Learning Agreement

Course participants are required to read and accept the learning agreement at the start of the course in order to proceed with the course sections and modules.

3. Late Cancellation and Withdrawal

- c. No refund will be granted for withdrawals 5 business days past the course start date and requests to drop a course without academic penalty will not be approved. A failed credit will appear on the transcript if participants drop the course after the deadline, or fail to meet the course requirements by the course end date.
- d. No requests to drop the IPODE courses are permitted once it begins due to the nature of live participation. Do not enroll in these courses unless you are available for the entire duration and live participation sessions. A failed credit will appear on the transcript if participants drop the course after the deadline, or fail to meet the course requirements by the course end date.
- e. Refund for courses paid via group pricing: if any group participants withdraw within the timeline indicated above, a refund will be granted. However, if the withdraw or cancellation results in the group being reduced to less than 3 individuals or less than 3 courses, the group pricing will be invalidated and the refund will be adjusted based on the full course fees for the remaining participants. Please contact de Souza Institute for further details.

4. Failure to Complete Course Requirements for Paid Courses

- a. To promote self-directed learning and accountability, all participants must complete all course requirements as outlined in the course syllabus to receive de Souza credit. No refund will be granted if the participant fails to complete all course requirements.

5. Failure to Complete Course Requirements for Sponsored (Free) Courses

- a. All participants must complete all course requirements as outlined in the course syllabus to receive de Souza credit.
- b. If the course is sponsored by an organization, their policy applies. If the participant does not attempt any of the course activities or withdraws from the course more than 5 business days after the course start date, the sponsoring organization will be notified.
- c. If a free course is not completed before the end date, participants will have to contact de Souza Institute for approval to resume or restart it at a later point.

6. Extensions and Vacation Accommodation

- a. Specific course timelines may vary; however, the Institute will endeavour to adhere to the original posted schedule. In the event that dates change, the Institute will provide ample notice via e-mail and/or an announcement in the de Souza Institute [My Account](#). It is recommended that participants check the [de Souza Institute website](#) regularly for updates related to their registered courses, and ensure that their contact information is up to date.
- b. The Institute does not allow extensions of deadlines for course requirement completion; it is the responsibility of participants, when registering for a course, to be fully aware of their ability to meet course expectations and deadlines.
- c. Exemptions will be considered at the Institute's discretion. Supporting documentation, such as a medical note, will be requested. For special accommodation to minimize the impact of a physical or mental challenge/disability that impedes the student's ability to learn or to write an examination, please refer to [de Souza accommodation policy](#).
- d. Extensions will not be granted due to absence during the course because of vacation. **It is strongly recommended that you do not plan a vacation during the course offering period.** Prior to taking a course, the participant should check the course schedule to make sure there is no conflict. If there is a conflict, the participant should register for an alternate offering of the course. In the event that a vacation takes place in the middle of a course, and the participant cannot make another plan or choose another course offering, the participant should notify the educator at the beginning of the course. The educator will review the situation and provide approval and/or guidance on how best to post assignments/discussions before, during, or after the vacation to minimize interruption to the course and maximize learning.
