International Student Fees

We at the de Souza Institute strive to provide internationally relevant online continuing education curriculum in oncology and palliative care, and we welcome the chance to partner with health care organizations outside of Canada.

In order to maintain our high-standards for learner experiences, an international course fee premium may apply to reflect additional support required if a learner is not a Canadian Citizen or a permanent resident of Canada. Students from developing countries can request for an exemption of the premium. For more details, please contact us at support@desouzainstitute.com
