Virtual Library Access Policy

Julian Appel - 2023-07-10 - Virtual Library

Virtual Library Access Policy

Due to a limited number of seats, library access is only provided to students who are actively engaged in a course. The access policy is as follows:

1. You must be enrolled in an active course which requires resources from the virtual library or be a facilitator/teacher for a course.

2. You must have accessed the eLearning Centre within the last 14 days. Your access to the library is discontinued after 14 days of inactivity. The access is automatically reinstated as soon as you become active in the eLearning Centre and are enrolled in an active course which requires resources from the virtual library.

Copyright and Disclaimer: Unless "Free Access" is indicated, all electronic journal titles have been licensed for use by members of the de Souza community only. Copies of journal articles are to be used solely for the purpose of research or private study. Any use of these copies for a purpose other than research or private study may require the authorization of the copyright owner of the work in question.
